**Featured Products/Topics:** *IdentiCare™ IdentiCare™ Billing, Registration, and Clinical Accuracy Optimizer* The presenter will be Dr. Sean Scorvo, CEO of MiddleGate™ Inc. He is the developer of IdentiCare™ and is responsible for the development of company strategy as well as software and service delivery. Dr. Scorvo founded MiddleGate™ Inc., in December of 2010. Since then, he has led the IdentiCare™ team to complete the platform. Prior to IdentiCare™ was designed to save time, identify inconsistencies in patient registrations, and enhance compliance with federal laws that give everyone equal access to emergency and urgent care services. IdentiCare™ is also designed to work with legacy, "fixing," systems. In an era, when hospitals are fighting for programs that increase revenue, IdentiCare™ is designed to improve the revenue of an average emergency department by \$3 million and decrease costs by \$500,000 annually.

**About MiddleGate™Inc.**

Founded in 2010, MiddleGate™ Inc. is perfectly positioned to assist hospitals with their collection efforts, reducing bad debt and improving the accuracy of their patient contact database. Hospital Emergency Departments, their doctors and nurses will benefit greatly by utilizing the IdentiCare™ system. The system generates critical and timely information on patients, area disease outbreaks and much more.

IdentiCare™ was designed by Emergency Department doctors and nurses to:

- Identify and correct complex patient registration inaccuracies in "real-time"
- Improve patient billing and hospital reimbursement
- Decrease Billing and Emergency Department costs
- Decrease days in Accounts Receivable and amount of billing sent to collections
- Decrease Billing, Patient Registration, and Clinician workload
- Provide hospital/clinic management with real-time metrics showing outcomes for all performance parameters
