Do you need family planning services but were turned down before? Now, more women in Maryland may qualify for free family planning.

We have news about free family planning you'll want to hear!

Dial 211 to find out more.

2-1-1 is a free, confidential health and human services call center operated locally by United Way of Central Maryland.

Now, more women in Maryland may qualify for free family planning.

You might just be one of those women. All you need to do is dial 2-1-1 to find out. Good news. As of January 2012, you may be eligible for expanded family planning services, even if you were turned down before. Now, more women than ever, even those with higher incomes or with no children, may qualify for the new Family Planning Program. HealthCare Access Maryland can help determine if you qualify and connect you to the services you need to plan your family.

The staff at HealthCare Access Maryland has been helping women connect with care they need for 15 years. **Dial 2-1-1 Maryland at United Way of Central Maryland** to apply today.

Who is Eligible?	What Services are Covered?
Women up to 51 years of age	Visits to a clinic or doctor for birth control
Women with and without children	Pelvic exams
Women who are currently not pregnant	Annual screenings for sexually-transmitted diseases
Women who meet income requirements	Education about birth control methods and options
	Birth control pills and devices
	Permanent sterilizations (if 21 years or older)

Dial 211 to enroll now. Because families need planning.

**Abortions and infertility treatments are not covered.*
