CJIS GROUP

Aligning Industry with Criminal Justice and Public Safety

CJIS GROUP provides web-based market intelligence services related to the IT needs, project plans, and agency profiles of State and Local Departments of Criminal Justice, Courts, Corrections, Law Enforcement, Public Safety, Homeland Security, Emergency Management, Fire, Public Health, Human and Social Services, and other areas of public service in the US.

–Market Research   *–Industry Intelligence*   *–Effective Business Strategies*

–Market Plan Insight   *–Successful Sales Tactics*   *–Industry Contacts*

The CJIS GROUP Research team has established strong relationships with our government contacts, allowing us to gather insight about future Information Technology procurement plans. CJIS GROUP Information Services are being accessed by over 7,000 State and Local Government Users.

CJIS Premier research is gathered by speaking directly with key decision makers from Justice & Public Safety agencies to include Courts, Corrections, Fire, Emergency Management, Law Enforcement, Public Safety and Health & Human Services. CJIS Premier provides the most detailed, comprehensive Information Technology research available within this arena.

CJIS Premier currently contains over 14,000 reports, including over 1,800 Pre-RFP opportunities; 2,300 Agency profiles, and over 3,000 Awarded Reports.

CJIS LITE research is gathered by searching over 80,000 pages of government, mayoral, procurement and newspaper sites on a 24-hour basis. CJIS LITE leads are then filtered by our research team and emailed to our clients based on their specific needs and interests. CJIS LITE currently contains over 6,000 lead opportunities. CJIS LITE provides IT leads and bid notifications from Education, Transportation, Public Works, General Services, as well as Justice & Public Safety.

"The CJIS Premier database is a very robust and impressive source of information."

–Melissa Mason, Northrop Grumman Public Safety Systems

2758 Coastal Hwy. US 98, Crawfordville, FL 32327   Tel: (850)-926-9800   www.CJIS GROUP.com

CJIS Premier includes access to validated Pre-RFP IT Projects, Agency Information reports, Awarded Projects, Grant Guidelines and Awards, Events, Publications, Links and Directories, Vendor Profiles, as well as our expert advice and unlimited research support.

IT Reports - Details of projects, IT needs, current systems, procurement process, funding, contacts, timelines, incumbent vendors, detailed updates.

Awarded IT Reports - IT Reports followed to final contract with award information. CJIS Premier currently contains over 3,000 Awarded projects.

Agency Info - Profile Report with details of the agency organization, governance, current systems, incumbent vendors, demographics, contacts and more.

Grant Program Guidelines & Awards

CJIS GROUP monitors federal grant programs used by state and local justice and public safety government agencies for planning, procurement and implementation of information technologies. Information about grant programs detailing allocated and awarded grant monies is collected to assist CJIS GROUP government users in pursuit of grant support. In addition, vendor clients use the information to help their government clients and for market analysis and lead generation.

Links & Directories - The Directories database provides contact information and resource links from the Criminal Justice and Public Safety community and entities in the United States.

Publications - CJIS GROUP experts focus their attention on gathering and posting relevant documents on industry trends, agency surveys, technical standards and models, case studies, white papers and other relevant technology information pertaining to the Criminal Justice, Public Safety and Homeland Security community.

CJIS GROUP

Unlimited Training, Support and Additional Research

As a CJIS GROUP client, you may choose to provide a briefing to CJIS GROUP about your company and its strategy for state and local public safety and criminal justice in order to help us better understand your business and the value it brings to the justice and public safety market.

WEBINAR ACCESS: Free participation at CJIS GROUP Webinars that focus on important issues affecting our clients.

CLIENT CARE: As a CJIS GROUP client you will be assigned to a single Client Account Manager who will be available to assist you with training, account management and customer service.

CJIS GROUP research analysts are all trained by domain experts and gather project details through conversations with high-level, key decision makers. Our CJIS GROUP status of a Pre-RFP is a reflection of a discussion that we have with a Project Manager who has stated the fact that this agency intends to release an RFP for a specific service or solution. All CJIS Premier projects are validated by these discussions.

"I see a lot of powerful data to use in formulating future strategies and direction."

-Jon Whirledge, CFO, INdigital telecom

"The fastest Customer Support response I have ever gotten in my entire life!!!"

-Bill Josko, Authorized Business Partner, ProPhoenix Corporation
