

## **Elite Security Services Announces Enhancement of their [Home Security Systems Packages](#) by Addition of Remote Keychain Device.**

Elite Security Services continues to improve their [home security systems](#) packages with the introduction of advanced remote keychain control equipment. The company is a leading domestic security service provider in Canada and the United States. This recently included device is now being offered with all three packages of the company.

The [home security systems](#) users of Elite Security Services would now be able to enjoy the benefits of a sophisticated remote keychain device. This new equipment is now available with all the domestic security packages offered by Elite Security Services. The name of Elite Security Services needs no introduction now in America and Canada. They have made phenomenal progress in the last few months to become one of the most trusted names in the industry. Their low cost domestic security plans are now extremely popular in the industry. This tiny device resembles a car remote control in shape and size and has extraordinary benefits.

This keychain device makes it amazingly easy to regulate the [home security systems](#). The users can activate or deactivate the security systems from the yard, or from their car, using this device. The control panel of this device also has a highly useful panic button that can help users connect promptly to emergency assistance in the event of a medical emergency or burglar attack. While introducing this device, the company owner Mr. Paul Shakuri said, "This remote control has been added to make it easier for our customers to handle their security system. This small device has startling features". Mr. Shakuri is a seasoned security industry expert with a wealth of experience and knowledge.

Elite Security Services offers a host of advanced security devices in all their packages for an affordable price. Their basic [home security systems](#) package has a monthly rental of only \$35.99 per month. The two other plans are priced at \$40.99 and \$44.99 per month. The company also offers highly efficient installation service for [home security systems](#) for a price of \$99 only. The customers can also avail free next day installation service for no extra expense. The introduction of the remote control keychain is expected to boost the already impressive market position of Elite Security Services.

About the Company: Elite Security Services is a rapidly growing company in the home security industry. They offer highly efficient and economical home security solutions in America and Canada.
