## **Deltek Selects SilverEdge as a 2012 Premier Partner for Eighth Consecutive Year**

*Premier Partner recognition is the top classification for Deltek partners.*

**Schaumburg, IL – April 9, 2012** – SilverEdge Systems Software, a professional services firm dedicated to providing consulting services and software solutions to project-based organizations, is pleased to announce their selection by Deltek, Inc. as a Premier Partner. This year is the eighth consecutive year that SilverEdge has achieved Premier Partner status, the top classification for Deltek partners.

To be awarded Premier Partner status, partners must demonstrate continued excellence in marketing, selling, implementing, and supporting Deltek solutions. The program was designed to attract and recognize top-performing firms dedicated to achieving a high-level of service. Deltek Premier Partners receive benefits such as enhanced marketing support, access to the Premier Partner portal to download compelling sales and marketing materials, and exclusive access to Deltek's Executive Team.

"SilverEdge is proud to have been named to this elite group eight years in a row. We are very appreciative of our relationship with Deltek and how our close alliance benefits our clients' businesses," said Maria Vedral, SilverEdge's president. "We believe technology is a gift that we can share with our customers to help identify, achieve and measure strategic goals to help them improve business performance, streamline operations and execution, and win more business."

SilverEdge hosts a variety of events that not only showcase how technology can impact a company, but how improved business processes can dramatically affect a company as well. In the last year, SilverEdge has taken their successful Thought Leadership Series and offered the events by way of a virtual platform, thus broadening the event's reach and improved accessibility for attendees. The events create collaborative customer communities. Unique opportunities for businesses to share ideas sets Premier Partner firms apart from others.
