PAST PERFORMANCE

Decades of successful contract completion has provided R&K with an in-depth understanding of every aspect of federal real property management and its related regulations, policies, fiscal considerations and objectives.

We have a comprehensive knowledge of the real property data of the Office of the Secretary of Defense (OSD), as well as the Army, Navy, Air Force, Marine Corps, Reserves, Defense Logistics Agency (DLA) and Department of State.

R&K has provided a wide range of IT, planning and analytical support to facility managers through requirements analysis, data validation and reconciliation, and quality assurance for these services and agencies.

R&K Solutions, Inc. is the recognized leader in real property solutions for the U.S. Government, with over 27 years of successful business process and information technology support to federal real property managers.

DIFFERENTIATORS

R&K is unrivaled in knowledge and understanding of federal real property solutions. R&K is uniquely qualified to combine extensive subject matter knowledge and technical expertise with decades of experience working with federal government facilities issues.

- ◆ The DoD Comptroller identified the Defense Logistics Agency Real Property Inventory Reconciliation Tool (DLA-RPRT), developed by R&K, as Best Practice for Real Property Audits.
- ◆ R&K continues into its 13th year of success in supporting Deputy Undersecretary of Defense for Installations and Environment (DUSD(I&E)) through the development and maintenance of Facility Cost Models. The models are the benchmark for all costing of DoD facilities and are used to determine Facility Sustainment, Modernization and Operations costs and budgeting.
