Course Description

Gain a more complete understanding of the environmental laws, regulations, and programs that affect your organization, how they relate to one another, and how they can be more effectively managed. This classic Institute course is updated and adapted regularly, to keep it fresh, topical and relevant.

The *Original Environmental Compliance Bootcamp™* is the Archer Institute's most popular course because of its proven value to both those new to the environmental field and experienced professionals who want new perspective on the full range of environmental compliance requirements. This course is valuable for a wide range of professionals, including EH&S managers, environmental compliance specialists, other facility and site personnel with environmental and supply chain responsibilities, environmental consultants and engineers, as well as other professional office staff.

Archer Institute instructors cover a wide range of topics in separate training modules, each focusing on the intent of the environmental requirement, applicability, and specific physical, administrative, planning, preparedness, and training requirements. Each training module includes practical compliance strategies and open discussion. Our Bootcamp Manuals, issued to each student, include informative and instructive handouts for every module of the course, which provides useful references, example documents, and other tools for the student's use.

The Institute's Bootcamp course also addresses the current environmental legal framework, presented in an understandable format designed for non-lawyers. The environmental law overview provides context and background to support presentations on specific environmental requirements. Students gain a usable working knowledge of principle environmental laws and programs, including the

- Clean Air Act (CAA)
- Clean Water Act (CWA)
- Resource Conservation and Recovery Act (RCRA)
- Comprehensive Environmental Response, Compensation and Liability Act (CERCLA)
- Emergency Planning and Community Right-To-Know Act (EPCRA)

- Spill Prevention, Control, and Countermeasures (SPCC)
- National Pollutant Discharge Elimination System (NPDES)
- Endangered Species Act (ESA)
- Stormwater Pollution Prevention Plans (SWPPP)
- Environmental Management Systems (EMS)

The Original Environmental Compliance Bootcamp™ covers a lot of information and is a rigorous 4 and 1/2 days. To keep the course interesting and enjoyable, the Archer Institute uses multiple instructors, unique breakout workshop sessions, logical presentation sequences, and planned breaks. Discussions among instructors and attendees explore unique environmental management challenges and proven compliance strategies. All attendees are encouraged to ask questions throughout the course.

Thousands of students have benefited from this unique training, which allows attendees to immediately put into action practical strategies to improve environmental performance and ensure compliance.

Topics Covered Include:

- Legal Foundation of Environmental Compliance
- Air Emissions
- Discharges to Water
- Environmental Management Systems (EMS)
- Stormwater Pollution Prevention
- Spill Prevention, Control, and Countermeasures (SPCC)
- Solid Waste Management
- Hazardous Waste Management
- Hazardous Materials Storage
- Underground and Aboveground Storage Tanks
- Hazardous Materials Transportation
- Toxic Substance Management
- OSHA Hazard Communication (HazCom) Standard
- Emergency Planning and Community Right-To-Know
- Natural and Cultural Resource Protection
- Greening/Sustainability

The Original Environmental Compliance Bootcamp™

Lodging Information

The course will be held at the Holiday Inn Oceanfront
1 S. Forest Beach Drive
Hilton Head, SC 29928
843-785-5126
[Hotel Website](#)

The Archer Institute has negotiated a special rate of \$144/night + tax for our students. This rate is available on a first-come, first-serve basis and will expire on April 7, 2012 or when the block has filled – whichever comes first. Reservations can be made by calling 843-785-5126 and using group code Archer Institute.

Directions:

Located in one of America's most popular vacation destinations, the **Holiday Inn Hilton Head Oceanfront** is the ideal setting for your Hilton Head Island vacation. Your budget-friendly, inviting choice of Hilton Head SC hotels is just minutes from numerous live entertainment theatres, shopping, dining, and attractions. Enjoy unrivaled comfort in an oceanfront setting.

From 1-95 North or South:

Use South Carolina Exit #8 and turn onto Highway 278 East. Follow Highway 278 East for about 30 minutes.

Once you cross the bridge you are on Hilton Head Island. Look for an overhead sign at the second stoplight reading "Cross Island Parkway." Move to the left lane as the Cross Island Parkway has a left exit ramp. Follow the Cross Island Parkway (toll road).

At the second stop light after crossing the Cross Island Bridge, move into the left lane. Enter the traffic circle from the left lane, once on the traffic circle exit at the second right turn (Pope Avenue). We are located at the end of Pope Avenue at the next traffic circle. Our entrance is the first driveway at #1 South Forest Beach Drive.

Registration and payment

Registration cost of the Original Environmental Compliance Bootcamp™ is \$1,799 per person. Government and group discounts are available during the registration process.
