Chart-Topping Music Artists Turn To Ohio-Based Agency For Priority Online Projects

FOR IMMEDIATE RELEASE

Youngstown, OH - Local business **6Degrees Social LLC** has been working with some of the biggest artists in music building their official sites in **WordPress**. The Mahoning County based digital marketing company is tasked with inventing and designing solutions that must handle the demand of their millions of global fans.

6Degrees recently built Motley Crue's new site at <http://motley.com> and Rostrum Records' #1 selling debut artist, Mac Miller, at <http://macmillerofficial.com>.

"6Degrees built Mac the perfect hub to bridge the gap between all that he does on social networks and all of the content we have available, to offer an interactive community experience for his rabid fans. Harnessing the power of WordPress, we were able to quickly jump above a long standing, highly trafficked fan site on the google search rankings." -- Eric Henry, Director of Digital & Online at Rostrum Records

"6Degrees perfectly executed Motley's vision with this new site. They built an elegant, functional and current site that we are proud to display as the online home for everything Crüe. " -- Jason Lekberg, VP Digital Strategy & Marketing at Eleven Seven Music

"Major artists are embracing WordPress in a big way and leveraging WordPress to create digital hubs of amazing content amplified by seamless integrations with social networks. 6Degrees is building out these exciting sites and working with an impressive list of clients." -- Raanan Bar-Cohen, VP, Automattic Inc

6Degrees specializes in WordPress, BuddyPress, web development, social media marketing, cloud computing and SEM/PPC. 6Degrees' clientele range from big to small in a variety of categories. They offer free consultations and promote the fact they can get you a quote within hours.

6Degrees Social LLC was established in 2011 and has been offering digital solutions since that date. For more information on 6Degrees Social LLC visit their website at <http://6degre.es> or stay connected through <http://twitter.com/weare6d> and <http://facebook.com/weare6d>
