SAP Business One Add-on Solutions:

rediSell — eCommerce

rediSell is an eCommerce solution that is fully integrated with SAP Business One and fully optimized to align with company branding while providing customer specific catalog and pricing, credit card processing, custom site design, and much more.

rediPortal — Customer Portal

rediPortal is a customer portal solution that provides your customers 24/7 secure online access to their transactional data, such as order status, shipment information, invoices, payments, credit memos, and account summaries.

rediSend — Document Delivery

rediSend streamlines and automates document delivery from SAP Business One via email, fax, or SMS. rediSend also archives business documents and reports straight from SAP Business One.

b1Desktop — Remote Order Entry

b1Desktop allows SAP Business One users and their customers to submit orders remotely, straight from their desktop to your SAP Business One system.

IndyDutch Solutions improves and expedites small business processes by specializing in software consulting and software development for SAP Business One. The IndyDutch Solutions team has been working with SAP Business One since the time SAP Business One was launched. IndyDutch specializes in SAP Business One implementation and optimization, offers several SAP Business One Add-on solutions, and is well-known for their honesty, integrity, and commitment to delivering value in the SAP Business One customer community.
