

**THE LODGE**

AT CHILKO LAKE

[WWW.CHILKOLAKE.COM](http://WWW.CHILKOLAKE.COM)

STEP OUTSIDE. GO WILD.

# A QUANTUM LEAP FROM CIVILIZATION

Fifty miles long and glacier-fed, Chilko Lake is the largest natural, high-elevation freshwater lake in North America.

# AND YET, REMARKABLY CIVILIZED

## IN THE UNIVERSE OF ADVENTURE OUTPOSTS,

The Lodge at Chilko Lake shines like a bright star in the remote and pristine wilderness of western Canada's Coastal Mountain Range.

The Lodge offers a pampered Western experience with diverse adventure activities set in and around the spectacular natural beauty of Ts'yl-os Provincial Park, Chilko Lake and the Chilko River valley.

Here, you can combine fishing, rafting, kayaking, heli-hiking, horseback riding, mountain biking and wildlife viewing with other fun-filled activities returning each night to luxurious surroundings and outstanding meals.

# YOUR HUMBLE ABODE

## THE LODGE AT CHILKO LAKE

is so much more than a cabin in the woods. Imbued with character and whimsical charm, the main lodge is the center of activity where dining and most of the socializing takes place.

Luxurious private cabins are thoughtfully located nearby the main lodge. Each cabin is unique and designed for 1 to 4 people and all have central heating, running water, private bath and a private deck.

Lodge facilities include an outdoor hot tub, gymnasium, green house and nearby stables. The heli-pad offers either a quick return to civilization or easy access to the surrounding peaks.

There are also full facilities for conferences and meetings.

# 3 SQUARES

**THE DINING ROOM** offers three meals per day, home-baked goodies, happy hour with specialty appetizers, and dinners featuring regional cuisine and wild game entrees. The Lodge staff understand the importance of a hot, fragrant breakfast laced with fresh fruit to give you the ideal start to your day. They appreciate the Zen-like pleasure of a perfect picnic. And when it comes to the evening meal, they know it is an art form—a blend of abundance, beauty and mind-blowing good food.

The Lodge's fully licensed bar allows you to meet new friends and share your holiday experiences. An eclectic selection of wines, liqueurs and micro brews are also available.

Whether you're relaxing outside in front of a flickering campfire or lounging indoors – evening is in many ways the most important part of the day. It's a time to laugh. A time for reflection. A time for sunsets, feasting, stargazing and late-night friendships. A time to let worries disappear into the vast wilderness.

# R.O.A.M. IF YOU WANT TO

## ALTHOUGH YOU MAY BE TEMPTED

to while away your days in the luxury of the lodge (and you can certainly choose to do that if you wish), we encourage you step outside and explore the natural beauty of the area.

The Lodge relies exclusively on the expertise of Rivers Oceans and Mountains to provide leadership and equipment for the activities available during your stay. ROAM's *wilderness concierges* are experts in the flora and fauna of the region and they're much admired for their friendly and professional demeanors. Your kids will love them.

## WHY R.O.A.M.?

Rivers Oceans And Mountains has been revolutionizing adventure travel since 1986 and has operated more trips in the region than any other adventure company. From first descents of uncharted rivers to luxury lodge-based trips, R.O.A.M. continues to set the highest standard for adventure travel in Canada and internationally. The Lodge at Chilko Lake is one of several in R.O.A.M.'s Adventure Lodge series.

R.O.A.M. is also a proud partner with O.A.R.S. (Outdoor Adventure Rivers Specialists), wilderness adventure operators in the U.S.A. since 1969. Both companies are family owned and operated and our group sizes are small and intimate. Our unparalleled longevity and stability as outfitters ensure your trip will be outstanding.

# SADDLE UP FOR ADVENTURE

## WE OFFER HALF-DAY OR FULL-DAY

guided horseback trips along mountain and river trails. Our friendly horses and terrain can accommodate both amateur and experienced riders. You'll soon know the real meaning of the term "happy trails."

# A CAST OF THOUSANDS

**MORE THAN 2 MILLION SOCKEYE** salmon return annually and the lake is a spawning ground for spring and coho salmon. The main lake boasts an abundance of lake trout and for the fly fisher there are plenty of bull and rainbow trout. Cast away all your cares. Choose from guided fly fishing, fully-equipped jon boats, belly boats or simply wading—and you'll soon see why the Chilko is any fisherman's dream destination.

## MEET THE LOCALS

The plethora of spawning salmon in the Chilko River bring out the bruins. Pack your camera for excellent grizzly bear watching in late summer and early fall.

# WILDWATER EXCITEMENT (OR NOT)

**WITH GEOGRAPHICAL ZONES OFTEN COMPARED TO THE GRAND CANYON**, the Chilko River is unmatched in its awesome diversity and enormous stretches of Class IV white water. You will be treated to rollicking hydraulics and towering standing waves that cascade for more than 20 miles through deep and narrow lava gorges. Yet not all is the river wild. Those not seeking Class IV excitement can choose to float the upper Chilko by raft, inflatable kayak or dory, soaking up the scenery instead of big waves.

# TAKE THE HIGH ROAD

The Lodge at Chilko Lake is home to two new Jet Ranger helicopters, at your service.

**RIGHT FROM THE LODGE'S PRIVATE AIRSTRIP**, our helicopter will lift you up above the lake into an alpine full of wildflowers. This terrain makes for easy walking and there is almost unlimited room to roam. The 360-degree scenery will make you feel like the gods as you wander among the mountaintops where very few mortals ever travel.

# SPIN CLASS, CHILKO STYLE

## PEDAL POWERED PERFECTION

With miles of singletrack and quiet dirt roads just beyond our back door, the mountain biking options are almost limitless. A nutritious packed lunch, water bottle, guide and one of our full-suspension mountain bikes are all you need for the perfect day in the backcountry.

# THE KIDS ARE ALRIGHT

## THE LODGE AT CHILKO LAKE

is geared for both adults and children. Regardless of the group make up, our guides are leaders in the industry and know how to choreograph each group so that everyone feels included, everyone has enough privacy, and yet the experience never feels forced. Our attentive staff will also ensure you'll get the personal attention you deserve.
