

## **ROCKLER ADDS DUST HOSE STORAGE SOLUTION**

### **New Accessory for the Dust Right<sup>®</sup> Separator Neatly Stores Dust Hose**

MEDINA, MN (May 1, 2012) - Rockler has launched the Dust Right<sup>®</sup> Hose Holder, another addition to their Dust Right<sup>®</sup> product line, developed to make dust collection more efficient. The vertical post is an accessory for the Dust Right<sup>®</sup> Separator and Shop Vacuum Hose Kit and provides a convenient place to store the dust hose when not in use, while still remaining attached to the Separator. The Hose Holder is designed to work with the Dust Right<sup>®</sup> Shop Vacuum Hose to store 12 feet of expandable hose in less than 3 feet of space.

"People are always looking for a way to keep dust hoses contained and organized" said Steve Krohmer, vice president of product development. "This add-on alleviates a great deal of headache and frustration that can come with a kinked and tangled dust hose all over the floor of your shop."

The Dust Right<sup>®</sup> Hose Holder includes a metal bracket which attaches to the bottom lip of the Separator with included mounting screws, a retaining rod with a rounded cap to hold the hose, and a caster to support the weight of the hose as the Separator is wheeled around the shop. Installation is a simple process and requires only a drill and screwdriver.

The Dust Right<sup>®</sup> Hose Holder (47412) retails for \$24.99. The Dust Right<sup>®</sup> Hose Holder, Dust Right<sup>®</sup> Separator (45556), and Shop Vacuum Hose Kit (32989) are available at Rockler Woodworking and Hardware stores nationwide, Rockler independent resellers, [Rockler.com](http://Rockler.com), or in the Rockler catalog. For store locations or a free catalog, please visit [www.rockler.com](http://www.rockler.com) or call 1-877-ROCKLER.
