**Aventura Worldwide to Support Florida Nonprofits as  
Newest Member of DonorCommunity's Software Donation Program**

*Company Will Donate Subscription to DonorCommunity's Innovative Web Software  
for Fundraising, Social Networking and Community Outreach*

**SUNRISE, FL: May 1, 2012** – DonorCommunity, Inc., developers of an innovative cloud computing software platform for nonprofit organizations, announced today that Aventura Worldwide Transportation Services, a South Florida provider of transportation services for more than two decades, has become the latest firm to join DonorCommunity's Software Donation Program (SDP).

As an SDP partner, Aventura Worldwide will pursue its philanthropic goals by purchasing and then donating a DonorCommunity license to its favorite South Florida nonprofit. The recipient will be granted unlimited access to DonorCommunity's Web-based suite of cloud computing applications for CRM, Online Marketing, Online Donations, Viral Fundraising, Event Management, Social Networking and Website Content Management. The DonorCommunity platform is offered on an annual subscription basis that also includes free Website hosting and unlimited training and support.

"As business owners, we recognize our responsibility to give back to our South Florida communities by supporting the nonprofit organizations that play such an important role in community life," said Scott Tinkler, Aventura Worldwide Partner and Chief Operating Officer. "As individuals, we donate money and volunteer our time. But as an organization, we can have an even bigger impact by donating DonorCommunity software that enables nonprofits to raise funds and serve their communities more efficiently and successfully. We're proud to do our part as members of DonorCommunity's Software Donation Program."

"Aventura Worldwide is widely respected, not only for its success as a business but also for its proven commitment to community service," said David Blyer, DonorCommunity founder and CEO. "It's important to support nonprofits directly, but it's also vital to give them the tools they need to become self-sustaining in pursuing their mission and goals. That was the inspiration for launching the Software Donation Program. We're proud to welcome Aventura Worldwide as our newest member."
