The Latest Products at Powersports Place

April 2012 **ATV, UTV, Dirt Bike**

HMF Swamp Series XL Slip-On Mufflers

All-out power and sound for racers and recreational riders! The unique 5 in. diameter shell provides more internal volume for large horsepower gains, and the non-restrictive core delivers an extra loud sound. The mufflers are made from T-304 stainless steel.

YUASA

Yuasa VRLA Maintenance-Free Batteries

Permanently-sealed and never need refilling! The spill-proof design means no possibility of leaks—ever. The VRLA batteries also hold voltage longer and need less charging than regular lead acid batteries.

Other Cool Products

Interparts Complete Axle Shafts

Bulletproof your quad! These axle shafts have fully assembled outboard and inboard joints on heavy-duty 4340 chromoly steel axle bars. Super Grip clamps keep things water tight.

[RELEASE & IMAGES](#)

Kolpin Fuel Pack

Easy fuel transport and filling! Crush proof container has molded handles and a self-venting, CARB-compliant spout with a heavy rubber gasket for spill-proof tank filling.

[RELEASE & IMAGES](#)

ITP Holeshoot Tires

Advanced traction technology! Choose from six different tire types for every terrain and riding style from trails to rocks to desert racing. Available for most ATVs and UTVs.

[RELEASE & IMAGES](#)

Douglas Litecast True Beadlock Diablo Wheels

Performance and style with the security of a beadlock! True Beadlock Technology compresses the tire to the wheel to eliminate the possibility of tire debanding.
