

NOW YOU CAN SHIP CLUBS RELIABLY AND INEXPENSIVELY- CREATING ANOTHER CONVENIENT SERVICE FOR YOUR MEMBERSHIP.

Transporting clubs has always been a major hassle for you, your members and your guests. Now, you can solve that problem with Ship Sticks. This new service is the safe, secure, reliable, and cost-efficient solution for seamless pickup and delivery of clubs. Ship Sticks is aggregating all the golf facilities (private, public or resort) in the country, and is building a network of trusted locations and contacts. Shipping clubs has never been easier with our up-to-date database of every U.S. golf facility. The savings from our discounted rates are passed on to your members and guests, **while you receive an incentive for every bag that is shipped.**

Ship Sticks is a web-based service that will take care of every detail involved in shipping golf clubs almost anywhere in the U.S. Our easy-to-use website makes it simple to log on and send clubs to their next destination. Through our preferred partnership with major logistics providers, we are able to offer the most competitive pricing and the most reliable service.

Ship Sticks' focus is to make the process of transporting clubs easier and more reliable, offer a one-stop solution, and provide a financial incentive for hard-working pros like you.

PROVIDING GREAT SERVICE TO YOUR MEMBERS IS ITS OWN REWARD, OF COURSE. BUT WE'LL THROW IN A LITTLE SOMETHING EXTRA, ANYWAY.

When shipping clubs with Ship Sticks, you can use a club glove, personal carry bag or a box that you can receive from us on our web site. We can track the shipment to make sure clubs will arrive at the course before the golfer does. You also have the ability to determine where they are, when they will arrive, who will receive them and that person's contact information. Ship Sticks exists to make travel easier and shipping more affordable for your members and guests — after all, we're a company of golfers, for golfers.

A WIN/WIN FOR YOU AND YOUR MEMBERSHIP

Ship Sticks may not improve your members' or guests' scores, but it will certainly improve their enjoyment of the game. You'll look pretty good when you see to it that their clubs arrive exactly where they want them, exactly when they want them. And we'll reward you for using Ship Sticks as well. E-mail us today at info@shipsticks.com, or go to www.shipsticks.com, and let's figure out how we can get this relationship off the ground.

SERVICE. SAVINGS. SHIP STICKS.

Rates are subject to change. Prices will fluctuate slightly based on volatile fuel rates. Ideally, our prices will decrease as we add more volume. It is Ship Sticks' goal to offer overnight shipping anywhere in the country for \$99 or less!
