

1:8 Blu-ray/DVD/CD Tower Duplicator SA™

Product Features

- Standalone operation
- Up to 8 simultaneous Blu-ray/DVD/CD copies
- Removable 2TB Hard Disk Drive to store disc images. Drag and drop from your computer via USB 3.0/2.0 connection
- Duplicate from ISO image files, NRG image files, or even directories and files not packaged into a disc image file*
- Aleratec FastKeys for one touch access to common functions

Standalone Blu-ray Disc Duplication

The Aleratec 1:8 Blu-ray/DVD/CD Tower duplicator SA is a standalone disc duplication system that simultaneously produces up to 8 Blu-ray/DVD/CD copies when duplicating from the convenient built-in 2TB Hard Disk Drive, or up to 7 Blu-ray/DVD/CD when duplicating “on the fly” from a source disc with no computer required. A USB 3.0/2.0 connection allows you to drag and drop files from your PC directly to the internal hard drive. Unlike many other duplicators, this unit supports duplication from a variety of source formats, including simply copying your contents onto the internal HDD without creating an image file.*

* Duplicating from folders on the duplicator HDD is only supported for DVDs and CDs.

1:8 Blu-ray/DVD/CD Tower Duplicator SA™
