

# Hospitality Project Profiles

*Bring more life to your hotel*

## Building Shared Family Experiences

In any setting, an experience shared among all family members tends to be the most popular. By providing safe and fun water attractions, Vortex solutions are a cost-effective way to add a cross-generational recreational activity to hotels and resorts.

## Why Hotels and Resorts are Building Splashpads®

### Splashpads® increase revenue

A Splashpad® will increase your profits by increasing occupancy and average room rates. Having a Splashpad® encourages guests to spend more time on your premises, thereby increasing usage of your property's overall amenities. Plus, there are incremental sales to be captured, such as snack food, beverages and souvenirs.

### Splashpads® provide a competitive edge

Promote your property as the ideal weekend get-away, convention facility, or first-choice family destination! Splashpads® draw visitors and provide fun, engaging and interactive entertainment for all ages. The universal appeal of a Splashpad® will entice your guests to extend their stay, return, and to recommend your establishment to others.

### Splashpads® are cost-effective and worry-free

A Splashpad® is an affordable and simple way to add a water attraction and boost your bottom-line. Fully-automated and user-activated, it is low in operating costs and easy to upkeep. No additional personnel or lifeguard supervision are required. By providing a durable product backed by the best guarantees in the industry, a Vortex Splashpad® delivers long-term value and a great ROI.

## Shangri-La's Tanjung Aru Resort and Spa, Malaysia

Shangri-La's Rasa Sentosa Resort, Singapore

Park Inn by Radisson Hotel & Water Park, U.S.A.

Shangri-La's Barr Al Jissah Resort and Spa, Sultanate of Oman

Hotel and resort installations across North America, Latin America, Europe, Middle-East and Asia, including large chains such as:

What some of them had to say:

*"Love the Splashpad®. It has made the pool area much more popular. The investment was a success. Kids and even the parents absolutely love it"*

*"Kids & parents love it and use it all the time!"*

*"The Vortex installation has helped us to fill up the resort and keep guests on the premises, rather than leave for the other local water parks. The children are satisfied. It has been a good investment."*

## Vortex Splashpads® in Mexico:

- Barcelo Los Cabos
- Parque Infantil Ostimuri, Ciudad Obregon, Sonora
- Centro Deportivo Comunitario, Cunduacán, Tabasco
