Highly Anticipated Political Thriller, *Hard Target*, by Acclaimed National Bestselling Author Alan Jacobson, Available Today From Premier Digital Publishing For Amazon Kindle, Barnes & Noble Nook, Apple iBooks, Kobo and Google Play

Special limited edition eBook of *Hard Target* bundled with Jacobson's new short story, *Double Take*, included as an added bonus for limited time only

(Los Angeles, CA) May 23, 2012 – Premier Digital Publishing announced the launch of the highly anticipated political thriller *Hard Target* by acclaimed national bestselling author Alan Jacobson. *Hard Target* is the latest release from Premier Digital Publishing and follows the hugely successful release of *Inmate 1577* (Premier Digital Publishing, July 2011; \$7.99). Beginning today, *Hard Target* (Premier Digital Publishing; May 2012; \$9.99) will be available worldwide as an eBook and for a limited time, will include Jacobson's new short story, *Double Take*, as an added bonus for his readers. A hardcover edition will follow on July 22, 2012, through Norwood Press.

"It's taken me the better part of eleven years to write *Hard Target*," author Alan Jacobson said. "But it was worth it. *Hard Target*'s deep, at times funny, *real* characters drive an explosive story from a moving beginning to a thrilling end. You'll laugh and you'll cry, and along the way it'll open your eyes to things going on in our country that few people know about." Of Premier Digital Publishing, Jacobson said, "They're outside-the-box thinkers in a constantly changing industry that demands innovation to be successful. The professionals at Premier Digital Publishing understand this and quickly adapt when they identify a new trend. I'm excited to be part of their family and to add to our relationship with the launch of *Hard Target*."

Hard Target is the essence of what defines thrillers in 2012. On Election night, the president elect's helicopter is downed in a vicious explosion. Soon the FBI's Joint Terrorism Task Force, led by trailblazer FBI Agent Aaron "Uzi" Uziel, is feverishly following leads of multiple violent deaths that threaten the very fabric of America's political system. Uzi must also battle his personal demons as he takes on the biggest case of the century, and all eyes—even the President's—are on him. Readers will root for Uzi as he uncovers the dangerous web of deception and destruction designed to change the very essence of America's political system.

"Alan Jacobson has delivered his best work to date in *Hard Target*, and that's a strong statement given his amazing body of work," said Thomas Ellsworth, President of Premier Digital Publishing. "We are thrilled to launch this as a limited edition eBook bundle along with Alan's new short story, *Double Take*. These exciting new titles are sure to thrill Alan Jacobson's loyal readers worldwide."
