

PLAYERSOFT

TECHNOLOGIES

Mobile Player's Club Enrollment

- ◆ Take your Player's Club to the floor
- ◆ Reduce wait at the Player's Club
- ◆ Set and reset PIN numbers for your players
- ◆ Capture photo's of players or ID cards
- ◆ Integrates with all major Player Tracking Systems
- ◆ Software reads drivers licenses from all 50 states and most Canadian Provinces
- ◆ Scans both magnetic stripes or 2-D barcodes
- ◆ Runs on Apple iPhone and iPod Touch
- ◆ Less than one inch thick; easily fits in the palm of your hand
- ◆ Use Pre-encoded cards or have new cards printed at a remote system printer

Sign up uncarded players on your floor for the Player's Club in less than 10 seconds: Right at their machine—no line, no waiting.

Playersoft is a software development company focused on building casino technology products proven to grow revenue and player satisfaction. Our products are tailored to your gaming operation so you will not have to change your business processes, we will adapt to them. Our tools are geared to improve both the experience of the casino operator and the casino player. Playersoft is made up of former casino operators who know about the differentiators that are necessary to take a good casino operation and make it the best.
