

Caller Name Delivery

by DIALTEL

Caller Name Delivery from Dialtel is an enhanced caller ID service that allows you to change the text associated with the caller ID that you outpulse. We can assign you ANI's with each having their own respective text associations. This in turn will help you target your market and increase the effectiveness of your outbound campaigns on greendialer.com.

So instead of displaying

**Unknown
774-555-1212**

You can display this

**Debt Relief
774-555-1212**

Furthermore, we can supply you with multiple ANI's so you can target multiple campaigns to different ANI's and display names. So now you could have:

This service is completely free. We provision the service for your account on greendialer.com. All you have to do is supply us with the text you would like to display. **There is a 15 character limit which is alpha-numeric and includes spaces.**

We would supply you with the ANI's which you can use on your account. There is a contract for the service and we do require that you import all the DNC requests that we receive into your account. The following area codes are currently available:
