

## RoboShredder™

### Product Features

---

- Auto feed tray holds up to 80 sheets of paper
- Cross-cuts paper and credit cards
- Strip cuts Blu-ray, DVD and CD discs
- Overload Protection
- Auto and Manual Reverse

### Convenient, Hands-Free Shredding for Information Security

---

Aleratec's RoboShredder makes it easier than ever to keep your private information safe by letting you shred up to 80 sheets of paper at a time automatically. You just load the convenient auto feed tray and the RoboShredder takes care of the rest, giving you time to do other things.

In addition to paper, the RoboShredder will destroy Blu-ray, DVD or CD discs and credit cards. It will cross cut paper and credit cards to a shred size of just 3 X 9 millimeters, safely shredding confidential documents and data.

All this in one of the quietest shredders on the market. The RoboShredder has a noise level of just 60 decibels, about the same level as normal conversation.

To protect against jamming, the RoboShredder also features Overload Protection Technology and auto reverse and manual reverse functions.

# RoboShredder™
