

## **Elite Security Services Improves their [Sun City House Alarm](#) Service by Introduction of Advanced Technology to their Premium Package.**

[Sun City house alarm](#) systems provided by Elite Security Services is now even better than before with the addition of voice connect technology to their Premium plan. The company is a nationwide provider of advanced home protection service and has been operating with great success since almost one year.

Popular [Sun City house alarm](#) system provider Elite Security Services has just made a significant enhancement of the Premium plan. The customers using this package in Scottsdale would now enjoy the benefits of the latest two way voice or voice connect technology. This technology improves the communication facility with the monitoring stations by verifying the nature of the emergency. It may be recalled that Elite Security Services has been providing efficient home protection service in Sun City for nearly one year. Apart from the Premium plan, the company has two more home alarm packages for their customers.

[Sun City house alarm](#) industry has been served over the years by many reputed security service providers. Elite Security Services has been able to make a serious impact on this flourishing industry within their brief stint in this region. The introduction of voice connect technology is expected to further strengthen their position in the market. The beauty of this technology lies in its specially designed control panel that reduces the response time and allows users to communicate with ADT monitoring stations from anywhere inside their home. This facility can now be availed for an affordable monthly rental of \$40.99 per month only.

Apart from offering efficient [Sun City house alarm](#) systems for an affordable price range, Elite Security Services has also been promoting the importance of building a crime free society in Sun City and its surrounding areas. Talking about the long term mission of his company, the owner Mr. Shakuri says, "Awareness is the best weapon to keep our home safe from intruders. We have always tried to help out the house owners with simple tips that can be extremely useful for home security". Mr. Shakuri is an experienced security consultant and a respected personality in this industry.

About the Company: Elite Security Services is a rapidly growing company in the home security industry. They offer highly efficient and economical home security solutions in America and Canada.
