The creative team from Condit displayed the highest degree of professionalism which made for one of the smoothest installations ever – especially amazing given the complexity of this exhibition. Thank you and your staff for making this exhibition so beautiful. “

Exhibit booths...

"We had a FANTASTIC event in New York. The booth was heavily complimented by people from all areas of the industry. One of the comments was, "this is the nicest exhibit at the show." One of the new account managers I signed up at the show was in our booth admiring it. He had no intention of joining our program but after a few minutes of talking he decided to come on board! He was so impressed with our new image. You guys all did a great job and I could not be happier."

As these centers serve as a key component to our sales process, it is imperative that they convey our story in a professional and effective manner and you nailed it. The fact that the jobs were completed on time and more importantly, on budget made our experience with the Condit team a great one. Thank you for seeing our projects through to their quick and cost effective completion. “
