

QTrade Teas & Herbs - Overview

Products & Services

QTrade Teas & Herbs provides specialty teas, herbs, and spices to businesses all over the world. We are the **largest importer of organic teas in North America**, with an expanding selection of flowers, fruits, and berries.

All of our products are private label and sold in bulk. We also provide custom blending, iced tea packing, pyramid bagging and product development services. We regularly consult with clients on issues related to tea and the tea industry, particularly tea menu development.

Our Team Members have over **100 years of experience** in all aspects of the tea industry. Some of us were raised on tea plantations in producing countries, some were once international tea brokers, and some have been tea shop owners and restaurateurs. This experience is borne out in the **dozens of awards** we bring home from the North American Tea Championships every year.

Our Clients run the gamut of sizes and interests from small tea rooms and coffee shops to international conglomerates. We serve restaurant chains, specialty tea companies, University campuses, and RTD brands. We provide **billions of cups of tea** to people all over the planet every year.

Our Product Development Team is constantly creating delicious original blends for our customers. If you develop your own blend we will mix it, package it, and label it exactly according to your specifications. We will even match the blends of your competitors!

QTrade Teas & Herbs is certified Fair Trade, USDA Organic, Rain Forest Alliance, and Montreal Kosher.
