

## **Elite Security Services Introduces 10% Discount on ADT Move Certificate Upgrade for [Sun City West Home Alarm](#) Customers**

Elite Security Services has introduced yet another promotional offer to strengthen their position in the [Sun City West Home Alarm](#) industry. The customers of the company are now going to receive 10% discount on their ADT move certificate upgrade. The efficient home protection service from Elite Security Services is now available throughout the United States and Canada.

Elite Security Services is all set to further strengthen their position in the [Sun City West home alarm](#) industry. They are now offering 10% for their customers who upgrade their ADT move certificate. The company has been operating successfully in Canada and the United States since almost a year and is known to offer lucrative added benefits for their customers. Efficient customer service, superior technology, and economically priced service plans have made them a familiar name in the domestic protection industry in this part of the country. This special benefit is available now with all three service plans from Elite Security Services.

This new offer from Elite Security Services is intended to help [Sun City West home alarm](#) customers who relocate frequently due to several reasons. ADT move certificate helps these users to continue enjoying the same standard of home protection service in their new location. However, they are required to upgrade the certificate each time they shift to a new house. This is why this 10% discount could result in substantial savings while shifting to a new home. Talking about this offer, the owner of Elite Security services Mr. Paul Shakuri said, "This is a small effort from us to provide more to all our customers".

Elite Security Services presently offers three comprehensive home protection plans in the [Sun City West home alarm](#) market. Their cheapest package has a monthly rental of only \$35.99. The other two packages have extremely advanced features for slightly higher monthly rentals. Since last one year, the company has been the industry leader in terms of introducing the latest home security technologies in and around Sun City. Unlike other security companies in this region, Elite Security Services also plays a proactive role in spreading awareness for home security to build a crime free society.

**About the Company:** Elite Security Services is a rapidly growing company in the home security industry. They offer highly efficient and economical home security solutions in America and Canada.
