Link Liberation 3 review and bonus released by <http://ryancoisson.com> for Leslie Rohde and Dan Thies' newly released Link Liberation SEO training program.

Link Liberation has just been released by Dan Thies and Leslie Rohde. After much anticipation and the release of several cutting-edge SEO videos Dan Thies and Leslie Rohde have released Link Liberation 3.

Unlike many SEO experts Dan and Leslie are the go to guys when it comes to SEO. They have a knowledge and understanding that far exceeds many in an industry where there are so many self-proclaimed experts.

After a quick Link Liberation 3 review, [RyanCoisson.com](http://ryancoisson.com) believes this Link Liberation program is a tool that can make any online marketer a lot more money.

The techniques and strategies taught in Link Liberation 3 are some of the most forward thinking techniques available. This is the 3rd rendition of Link Liberation and according to Dan and Leslie this is the best version yet.

Even better is they are making this available to a lot more people by significantly lowering the price from what Link Liberation 2 had cost.

Dan Thies and Leslie Rohde understand that all the latest search engine updates have dramatically altered the livelihoods of many individuals and business owners.

That being the case they have decided to become the go to people for link building advice. They have the data and knowledge to back up what they are doing and they know what works. All that in mind they know they can help people and they feel it is their duty to do that with Link Liberation 3.

Dan Thies and Leslie Rohde are only making this program available to a limited number of SEOs. They realize the power of this SEO knowledge and they don't want to flood the market with it. That being said anyone that gets any traffic from the search engines really needs to consider getting a copy.

It could be the best business decision one makes this year.
