[Le Breton Construction and Trades and Labour Recruitment Agency](#)

Le Breton are specialists in providing the Construction Industry with Trades & Labour Staff throughout the UK. We recruit candidates across all trade disciplines to work for major contractors, subcontractors and general builders.

Le Breton Recruitment supply staff mainly for temporary short or long term contracts. However, we can offer permanent placements as well as temporary to permanent positions. Our consultants are trained in relation to the sector they work on meaning **you talk to a person who knows what they are talking about**. This allows us to provide you with a candidate that is most suited to your position.

Our policy is to recruit qualified experienced candidates in their particular field of work, who will undergo rigorous interviewing ensuring the highest calibre only are recruited with the relevant qualifications and certificates.

Technical experts available at all times. We have skilled candidates Nationwide waiting for our call.

For more information on our services or to place a booking contact one of our specialists consultants who have over 20 years experience within Construction **0121 333 5436** and ask for David or Tony or e-mail us on info@lebreton.co.uk

Le Breton Recruitment Specialises in all Construction Temporary Labour.

What our clients say.

Le Breton Recruitment is one of the leading Trades and Labour Recruitment Agencies in the country and we believe part of the reason for our continued success is our excellent relationship with our clients and our high client retention rate.

Our experienced consultants ensure we send you only the very best candidates for the job which of course is what you need. A lot of our work comes from repeat business, recommendations and word of mouth – this would not happen if our reputation and service was not so fantastic.

Here are just a couple of our references. We are happy to provide further references from some of our other satisfied clients on request.

We have used Le Breton Recruitment for our labour for over three years on a continuous basis. All operatives supplied have been of a high standard and of suitable experience for the position filled.

Matt on the training division has been a great help when we require (sometimes at short notice) additional training for our staff.

We would not hesitate in recommending their services which range from Trades and Labour supply to all our training requirements; all staff members are helpful and efficient fully meeting our needs.

Lisa Gilbert
Office Manager
Elevate Demolition Ltd

We started using LeBreton for contract labour in 2007 and have used them on many occasions since that date. We found the quality and workmanship of the operatives supplied to be of a high standard. The operators are experienced and fully comply to all Health & Safety requirements of our sites.

Le Breton Recruitment are very efficient, reliable and most importantly understand our companies needs when supplying the right operative for the job.

Martyn Colebourne
Operations Manager
Nuttall Food Service Concepts

To give a brief summary of Le Breton Recruitment, they are very efficient, reliable and most importantly understand our companies needs when supplying the right operative for the job. Which I can honestly say "I have never found this with any of the other recruitment companies I have used prior to Le Breton".

Mark Goddard
Plant Manager
John Horton Plant Hire Ltd

Construction Training Courses

Health and safety is relevant to all businesses. So, if you are an employer – or are self employed – you are responsible for the health, safety and welfare of employees and any others who may be affected by what you do. This includes employees, casual or part time workers, trainees, customers, neighbours, sales people and members of the public.

Working in the construction industry is no exception. Le Breton Training offer a variety of **construction training courses** to suit your needs. Our construction training courses are designed to offer health and safety training courses that cover a wide variety of topics and will help ensure your compliance with health and safety legislation.

All of our health and safety training courses can be tailored to fit your business and individual needs. Our training courses can be held at our bespoke training centre or at your premises.

For more information follow the links to visit our website and check our course dates and fantastic prices.
