FOR IMMEDIATE RELEASE

22nd Century Technologies, Inc. wins \$20.0 Billion NIH CIO-SP3 Contract

Somerset, NJ – June 25th , 2012 – 22nd Century Technologies, Inc.(TSCTI) has been awarded the Chief Information Officers – Solutions and Partners 3 (CIO-SP3) Small Business Government-wide Acquisition Contract (GWAC) by the National Institutes of Health Information Technology Acquisition and Assessment Center (NITAAC). This contract vehicle provides information technology (IT) health and biomedical-related services to meet scientific, health, administrative, operational, managerial, and information management requirements of federal agencies.

CIO-SP3 is a 10 year, multiple award Indefinite Delivery, Indefinite Quantity (IDIQ) GWAC with a \$20 billion contract ceiling that supports the Federal Enterprise Architecture, the Department of Defense Enterprise Architecture and the Federal Health Architecture. All Federal civilian and DoD agencies are eligible to place task orders against the IDIQ for their IT requirements. Task areas for the TSCTI team include: IT Services for Biomedical Research, Health Sciences and Healthcare, Chief Information Officer Support, IT Operations and Maintenance, Critical Infrastructure Protection and Information Assurance, Digital Government, Enterprise Resource Planning and Software Development.

“We are very excited about this opportunity and look forward to providing cost-effective, high-quality solutions to CIO-SP3 customers along with a customer-focused approach and attention to detail that have been the hallmark of our success. 22nd Century Technologies is honored to be awarded this contract and we feel it is a strong testament to our many years of placing the customer first in all the work we have done in support of NIH and other federal agencies.” said Satvinder Singh, President of 22nd Century Technologies.
