

For Immediate Release

## **Catalyst Exhibits, Inc. Completes TCF Bank Construction Ahead of Schedule**

Sioux Falls vacant building transformed into modern operations and call center within three months

Pleasant Prairie, WI, July 12, 2012 -- Catalyst Exhibits, Inc., a global trade show exhibit design firm, is pleased to announce the ahead of schedule completion of a new operations and call center for TCF Bank in Sioux Falls, South Dakota. Though final phase of the installation was originally slated for completion by June 1st, Catalyst's project team efficiently streamlined the process, finishing construction a full three weeks ahead of schedule. A grand opening for the new facility attended by TCF Bank executives and the Governor of South Dakota, Dennis Daugaard, was held May 8<sup>th</sup>.

"We did not hesitate to hire Catalyst Exhibits to oversee our renovation project in Sioux Falls," said TCF Bank's Executive Vice President & Chief Operations Officer, Earl D. Stratton. "Their insightful and innovative design team created a custom layout that met our exact needs – both known and anticipated. The plans were executed flawlessly from start to finish. And as if that wasn't enough, Catalyst completed the project ahead of schedule! Catalyst provided high quality work while saving us time and money, and we look forward to working with them on future projects."

Well regarded for its reputation as a leading exhibit design firm, the new TCF Bank facility is an example of Catalyst's capabilities for designing spaces for clients in need of commercial, retail and bank construction. Originally a 41,000 square foot vacant building, TCF Bank's new operations and training facility features a contemporary layout that includes a new reception area, operations and call center, executive board room and employee dining facilities.
