

Wi-Tronix[®], LLC 1st Annual Users Conference

July 16, 2012 - Wi-Tronix[®], LLC (Bolingbrook, IL) would like to thank everyone who attended this year's Users Conference. Wi-Tronix 1st Users conference brought together over 100 industry leaders to share, discuss and learn best practices for implementing the Wi-Tronix remote monitoring solutions. This year's Users Conference strengthened the partnership between Wi-Tronix and its most integral customers by providing an opportunity to openly discuss how Wi-Tronix systems are utilized to enhance the ability to improve the operational efficiency, service reliability and safety of our customer's locomotives.

Wi-Tronix would like to thank all of our Users that attended and especially those who presented on topics such as: Utilizing Wi-Tronix for Fuel Savings, Passenger Operations, Shortline Operations, Remote Monitoring and Diagnostics, Risk Management & Safety, and Data Integration. These presentations were informative and provided all attendees with an advanced perspective on how customers from Class 1's, Shortlines, and Passenger Operations utilize Wi-Tronix systems. Wi-Tronix looks forward to growing our partnerships over the coming years.

For those interested in attending the next conference please contact Fred Cozzi for more information.
