

Elite Security Services Introduces Pet Friendly Motion Detection Device to their Range of [Sun City House Alarm](#) Packages.

Elite Security Services is again making news in the [Sun City house alarm](#) industry with their recently launched pet friendly device for motion detection. This advanced device can eliminate false alarms by efficiently differentiating between non human and human movements. This motion sensing device is now available with all service plans from Elite Security Services.

[Sun City house alarm](#) users can now avail the benefit of an advanced motion detector that has just been introduced to their service plans by Elite Security Services. This device has been designed specifically for households with pets and can eliminate the problem of false alarms efficiently with its advanced mechanism. Elite Security Services has started offering this device without any additional expense with all their standard service plans. The company is presently one of the most well known security service providers in this region with a strong presence in the security market all over the United States and Canada. The inclusion of this new device would certainly increase the acceptance of their security plans in Sun City.

Conventional [Sun City home alarm](#) packages generally have ordinary sensors that can not differentiate between the different sources of movement. This poses a big concern for the families that have pets because the alarm is triggered even when the pets move around the sensor. False alarms have been one of the most common concerns associated with a traditional security system. Elite Security Services has come up with a surefire solution to this problem with their advanced sensor device that can differentiate between motions caused by human and non human sources and restricts alarms for any source of movement weighing 80 pounds or less.

Talking about the benefits of this device, the owner of the company Mr. Paul Shakuri says, "We all love pets. However, their presence has always been a problem for the effective functioning of security systems. This device is one of the most recent innovations in the security industry and is tailor made for families that love pets". The introduction of this device has already been appreciated by the **Sun City home alarm** industry experts and pet lovers.

About the Company: Elite Security Services is a rapidly growing company in the home security industry. They offer highly efficient and economical home security solutions in America and Canada.
