

Profit Share for Technology™

Receive potentially thousands off your initial purchase and accrue credit towards all future purchases!*

Technology distributors, like Sagient, receive “bonus” incentives of up to 20% or more when introducing new customers to a manufacturers data security and networking solutions. As policy, Sagient passes this incentive back through to our clients - reducing initial purchasing costs by potentially thousands of dollars.

With *Profit Share for Technology™* we've taken purchasing to the next level!

Now, clients can earn credit for future purchases. By introducing us to peer organizations, a 50% incentive match will be credited to your account!

- **The referred organization** will receive the full manufacturer incentive on the initial purchase **plus** a \$100.00 bonus credit for future purchases!
- **The referring organization** will receive a 50% matching credit of the manufacturer incentive to be applied towards a future purchase - upgrade equipment, renew licensure, purchase a new solution, etc...
- **No limits** to the number of organizations you can refer or the amount of credit that can be applied to future purchases.*

Simply contact us, have the referred organization contact us and mention you sent them, or fill out the form on our [website](#) to lock in the savings. **You must contact Sagient first to realize the full potential of the program!**
