

Distinguished [Arizona Home Alarm](#) Company Announces the Launch of their Official Twitter Page.

Elite Security Services, one of the most preferred [Arizona home alarm](#) service providers, has just introduced their official company blog to communicate better with their large pool of customers. The company provides top quality security solution for households throughout Canada and the United States.

Elite Security Services has just introduced their official Twitter page in order to keep in close contact with their [Arizona home alarm](#) customers. The company has been providing top notch home protection service in Canada and America since nearly one year and is presently one of the most dominant security service providers in Arizona. Apart from their amazing range of security solutions, Elite Security Services is also rated very highly for their relentless efforts, to help home owners with their free home protection tips through their official blog and You Tube channel. The introduction of the Twitter page is yet another initiative from the company to spread security awareness in Arizona.

The [Arizona home alarm](#) industry has experienced remarkable growth in the recent years because of the increase in crime rate. There are many famous security service operators that provide service in Arizona. However, most of them are only limited within commercial activities without any consideration towards building a safer society for all. Elite Security Services has always been proactively building security awareness amongst homeowners. Twitter is now considered to be one of the most effective communication platforms to reach out to a large group of people within a short time. Through this page, the owner of the company, Mr. Paul Shakuri would be offering useful home protection tips for the home owners.

The launch of the Twitter page by Elite Security Services has immediately gained attention of the [Arizona home alarm](#) industry experts. Most of them believe that the customer centric business ethics from the company would take them a long way in Arizona. Talking about the objective behind the creation of the new Twitter page, Mr. Shakuri says, "Our job is not confined within selling security plans to homeowners. We are always here to help them with whatever security related problems they have".

About the Company: Elite Security Services is a rapidly growing company in the home security industry. They offer highly efficient and economical home security solutions in America and Canada.
