# Titanium Twister

THE BETTER REPLACEMENT BEATER

## Titanium Twister Mixer Attachment:

- Durable and long lasting
- Mixes any batch your original attachment could and will not chip or tarnish
- Dishwasher Safe - Easy to clean
- Backed by advanced coating technology
- NSF Certified for commercial and residential food safety

Our mission is to sell you one flat mixer attachment, that never needs replaced - The Titanium Twister.

### Instructions for Attachment

1. Unplug the Stand Mixer
2. Lower mixing bowl handle and attach Titanium Twister to the beater shaft
3. Raise the bowl into locked position and check the attachment for proper height. If mixer attachment touches the bottom, adjust the height using the adjusting screw. This will ensure the best mixing results. Turn clockwise to lower and counterclockwise to raises the bowl. Once mixer attachment is just clearing the bottom of the bowl - start mixing.
4. The Titanium Twister is one tough beater. It can be used in the same manner as the original blade - without tarnishing or chipping.
5. Mixer attachment is Dishwasher Safe
