The Bauma exhibition is the perfect trade fair for Condit to highlight its offerings to clients with indoor and outdoor stand space. Certain to be in high demand will be Condit's unique Space Building System and Double Deck systems providing clients with the option to use the most sophisticated temporary structure systems in the world.

About Bauma:

Being the undisputed leading International Trade Fair isn't easy; however, the Bauma Exhibition, held every three years at the New Munich Trade Fair Centre, continues to hold this global distinction.

Beginning April 15th 2013 the 30th International Trade Fair for Construction Machinery, Building Material Machines, Mining Machines, Construction Vehicles and Construction Equipment will utilize more than 555,000m² of exhibition space with 3,256 exhibitors and 420,170 visitors in attendance. Bauma continues to strengthen its leading position with new records set again in 2010; the most exhibitors, the largest share of international participants and the most exhibition space.

Why Choose a Condit Structure?

For the past 60 years, Condit has worked to continually add new and innovative trade show and exhibit products to help our clients remain ahead of their competition, and we have done it again.

We are proud to introduce the SPACE Building System, a first of its kind temporary structure capable of exceeding all of your expectations.

Our full service package includes design, engineering, supply, and installation of your structure anywhere in the world. We can even provide you with a virtual walk-through so you can see exactly what you're getting before the structure is installed.

If it's a temporary trade show exhibit you're looking to create, or a unique hospitality environment, no matter what the challenge, the SPACE Building System is the answer. This one of a kind temporary structure offers portability, versatility, and style – all in one system.
