

Utility Handhole & Meter Boxes

Jensen Precast concrete traffic rated boxes, valve boxes, and non-traffic utility boxes are available in a variety of sizes including the popular 10" X 17" and 17" X 30".

Traffic boxes and non-traffic handholes are available with Jensen Metaltech LockLid™ security lids. All steel lids come in diamond plate, smooth, or Traxplate® – a patented slip resistant surfacing process exclusive to Jensen MetalTech.
