Please read the Service Skeds User Agreement and the Terms of Use if you have any questions regarding your agreement with Service Skeds.

Service Skeds agrees to provide to Customer those services that Customer has selected on the Order Form ("Services"). Customer agrees to pay to Service Skeds any Monthly Recurring Charges and Additional Charges associated with such Services. Customer may use such Services free of charge for thirty (30) days, commencing on the date set forth on the Order Form (the "Trial Period"). During the Trial Period, Service Skeds will not charge to Customer any Monthly Recurring Charges. Custom Programming and Import Fees ("Additional Charges") are not included in the Free Trial. During the Trial Period, Customer may cancel its subscription to Service Skeds without penalty, and will have no further obligations under the Service Skeds User Agreement.

At the conclusion of the Trial Period, Service Skeds will begin charging Customer for the Monthly Recurring Charges on a monthly basis for a minimum of twelve (12) consecutive months ("Subscription Period"). If Customer terminates the Service Skeds User Agreement prior to the expiration of the Subscription Period, Customer agrees to pay to Service Skeds the Early Termination Fee set forth below. The Early Termination Fee is equal to 3 times the amount of your Monthly Recurring Charges. The Early Termination Fee is not a penalty, but rather a charge to compensate Service Skeds for Customer's failure to satisfy the Subscription Period upon which Customer's rate is based. At the conclusion of the Subscription Period, Service Skeds will charge to Customer the Monthly Recurring Charges as they are currently priced and posted at serviceskeds.com on a month-to-month basis. Either party may terminate the Service Skeds User Agreement with thirty (30) days' notice to the other party after the expiration of the Subscription Period.
