

Snapden
photo booths

**game changing
design to give
you the edge**

**designed for the exceptional
experience...**

Snapden was created to seize a growing opportunity in the photobooth market. With demand on the rise and competition becoming thicker, companies keep offering the same boxy photo booths. This is a problem. What we offer is the opportunity to stand out. Snapden sells a full line of exclusive Shell Environments that seamlessly interact with our streamlined photo system. Snapden photo booths are customizable photo experiences - exactly what your customers want.

**...because experiences
fuel memories**

**the only important thing
about design is how it
relates to people**

- Victor Papanek

labeled sections

welded construction

quick connect joints

Why Snapden:

The Snapden line of photo booths is specifically designed to give you an edge in your local market. Not only do Snapden products stand out in a world of boxy booths, but they all come with integrated customization systems.

By offering customers the option to customize, you create a win-win situation. Customers love being able to brand their event and you will be thrilled with the earning potential associated with doing so.

In addition to amplified earnings, each purchase from Snapden comes with a complete package of studio quality photos for marketing your new booth. Use them on your website, post them on your Facebook and integrate them into your marketing material. Selling exceptional services has never been so easy.

Snapden Friends Program:

By purchasing a complete Snapden package you will automatically be given a membership to the Snapden Friends Program. This program gives you a valuable discount on any Snapden product you buy - for life.

Expanding Product Line:

With your Snapden Friends Program membership you will be happy to know that we are about to unveil two more Shells to our line of Photo Booth environments. Just like the Convertible - these new Shells will work seamlessly with the Snapden Module.

New Shells = New Experiences = New Customers!

**don't find customers for
your products, find
products for your
customers.**
