Celebrate special occasions with your staff and improve motivation throughout your organisation

HR Celebration Toolkit

Our automated celebration tools help HR teams across the UK to deliver voucher and gift card based presents to their staff whenever they have something to celebrate. Making your organisation THE employer of choice:

Birthday
Wedding presents
house warming gifts
surprises
congratulatory gifts for a new baby
That special anniversary
Long service awards

Our voucher cheques and gift cards put the choice of where to redeem in the hands of the recipient. With over 40 retailers to choose from there's something to suit all tastes.

How does it work?

Each month you, the employer, send The Voucher Shop a database containing details of birthdays, weddings, long service awards due and anything else you think deserves recognition. Our team will then issue a personalised e-shot or card on the date specified containing a link to our secure website, where recipients can redeem their vouchers.

The Voucher Shop fully manage the redemption process along with the distribution of communications – all you have to do is let us know when the occasion will take place.

Features

- Fully personalised communications
- Email or paper based presentation formats
- Online account portal – allowing easy redemption of vouchers
- Automated distribution of congratulatory messages – no need to try and remember every birthday in your organisation!

“The celebration vouchers provided by The Voucher Shop have been a wonderful addition to the Jagex Benefit’s package.

They offer a great variety of stores which cater for everyone’s tastes; setting up the scheme was very simple and managing the process each month couldn’t be easier. The Voucher Shop staff are always available to offer a helping hand if you need it. Being able to send a personalised e-mail to our employees on their special day is a very nice reward to say thanks for their hard work. It’s a great scheme and it’s made managing our birthday reward scheme a breeze!”
