"Sherpa took care of all of the complex technology and production artistry of our webcast and delivered and event our executive team won't soon forget!"

- *Corp. Communications,*
Fortune 500 company

"...at a fraction of the cost of our previous vendor."

- *Information Technology,*
Global 100 company

Sherpa Studios' 5,500 square foot facility houses two full-service studio offering the latest in webcast technology while creating a relaxed, low-stress environment.

Sherpa Studios brings an un-paralleled concierge-level experience for San Francisco Bay Area companies, complete with white-glove production services, private visitor offices, and screening rooms.

We've designed a relaxing, bayside business environment for corporate leaders to deliver a variety of events, including town halls, earnings calls, network remotes, marketing presentations, sales and channels communication, and HR training. Sherpa Studios' location just off the 101 Freeway in the Redwood City Seaport makes it both convenient and accessible for our busy executive clientele.

Equally important to the Studio and services are the many years of enterprise video Delivery, Security, and Analytics expertise se bring to every webcast project.

The Sherpa team leverages over 60 years of broadcast and event production & enterprise media technology expertise.
