Paul Elefonte, Exec. Vice President of DMSMS Solutions at CTG and Kristal Snider, Vice President of ERAI provide insights and answers to prominent questions on mitigating risk in your supply chain in this exclusive presentation.

Paul and Kristal will host a comprehensive, compelling discussion on real-world solutions to today's counterfeit-avoidance challenge, including:

- ✓ Why supply chain intelligence and SOS risk management is the most underrated portion of counterfeit component risk mitigation
- ✓ Comprehensive steps that can be taken immediately to improve internal processes
- ✓ Requirements and standards that supply chain partners must satisfy

***Take advantage of this unique opportunity to hear directly from respected industry experts on the most critical supply chain issue facing manufacturers today!***

***TO ATTEND, YOU MUST REGISTER AT CTG BOOTH #210***
