Sererra's Event and Training Management Solution for NetSuite

The Sererra Event and Training Management Solution is more than just an event management software module. It is a completely integrated module that ties directly with your NetSuite application. Forget about time-consuming coordination and duplication of data-entry between two or three separate software packages – Sererra's Event and Training Management Solution is your complete solution event life cycle.

Key features of Sererra's Event and Training Management include:

Attendee Management

- Provide individual attendee reminders & confirmation notices
- Scheduling of the resources needed for an event (projectors, conference/meeting rooms, presenters, etc.)
- Event history by attendees
- Wait list management for oversold events

Event Booking

- Easily create events, copy recurring events
- Utilize the power of NetSuite's event calendaring

Event Management

- Use integrated NetSuite inventory controls to track class profitability & costs
- Use integrated financial controls for billing, invoicing
- Perform event analysis & event KPI benchmarking

Payment & Checkout

- Utilize NetSuite's integrated eCommerce & payment gateway for event registration checkout

Document & Service Management

- Store your event data in one place with central document management

CRM

- Powerful marketing & CRM to manage & keep track of your customers & attendees
- Provide promotions to select groups
- Social media interface

Product Bundling

- Ability to promote multiple events in a bundle to potential customers
