

iPOW - Interactive Process Optimization Workshop

“Our scoping workshop with Elegrity clearly established their thought leadership in how to improve overall law firm process execution while maintaining risk management in the rapidly changing legal industry. **We were surprised by how much value the workshop provided in such a short amount of time.** When we were done, we had a clear roadmap, scope, budget and Return-On-Investment for our first project.” *Barclay Wong, Director of Administration, Cox Smith Matthews Incorporated*

Elegrity Interactive Process Optimization Workshop Transforms Law Firm Processes – Saves Thousands of Dollars and Months of Time

Transform your firm's business processes with the guidance of an Elegrity Law Firm BPM thought leader. Interactively map a strategy to achieve your "to-be" process, calculate real ROI and conclude the workshop with a clearly defined scope and actionable budget.

How is the workshop conducted?

- ✓ **We start with a web conference**
 - To begin the discussion about process(es) you'd like to transform

- ✓ **We both prepare**
 - You give us some basics about current challenges and process
 - We analyze and generate starter 'process transformations' that we will evolve together during the workshop

- ✓ **We collaborate with your team – on site**
 - Our Law Firm BPM expert comes to your location (average of 15 years real-world experience).
 - You assemble the critical process stakeholders; finance, operations, administration and IT.
 - We quickly evolve your to-be process transformation interactively and customized for your firm.

- ✓ **We provide you workshop deliverables that are yours to keep**
 - Transformed process – visual workflow diagram
 - Transformed process – information capture
 - Return-On-Investment calculator (seeded with the values we identify together)
 - Roadmap – Phase I scope, budget, timeline and internal resource requirements (people and systems)

The cost? It's **FREE**. Some law firms have told us they've spent months and tens of thousands of dollars on consultants to achieve what this workshop delivers on-site in six hours.

The commitment? There's no obligation and no commitment --- we mean it. **There are no strings attached.**

So why do we do it? Because transformation of your firm's business processes has to happen given the changed legal industry, and we are tired of seeing law firms get stuck with ill-planned approaches and projects. We don't want you to call us **AFTER** you have discovered you need a different approach – we want to get you there the first time. We know how important the right scope is to ensuring success. Gartner agrees – they also identified proper scoping as a key determinant to BPM success.*

When the workshop concludes, **you will have a clear roadmap of what you'll need to be successful at transforming your law firm's processes.** You will know what resources will be required and what your law firm's returns will be.

Call us and let's get you where you need to be – **415-821-0900** or **e-mail us at info@elegrity.com.**
