Global Research & Data Services

Global Research Data Services is a leading international publisher of market research reports. Our customers have relied on our market research reports since 1992 to provide them with the most up-to-date insights into a broad range of industries and countries. The market studies provide readers with an overview of the actual market situation and trends along with the future outlook for different industry sectors and countries. The reports can be critical tools for any private or public sector decision-makers looking to evaluate the market potential and competitive situation in a given industry and country.

This market research is made possible by our team of experienced specialists trained in different fields for example, in environmental technology, electrical engineering, and biology.

Among our many data resources, we draw information from the largest business intelligence databanks in the world.

To help serve our customers better, Global Research Data Services has offices in Finland, Germany, United States, United Kingdom, Russia, China, India, Singapore, South Korea, Malaysia, Taiwan, Sweden and Ireland. As well, we maintain a global network of researchers for data-gathering and interviews in each country.
