

May 2, 2011

Thank you for this opportunity to provide pricing for your painting project. Our estimate is include as an attachment. We are recognized as one of Seattle's best painting contractors and we are Proud of our reputation.

Our main goals on every project are:

1. Provide a bid which clearly outlines our proposed scope of work, pricing, and payment schedule.
2. Staff our jobs with trained, supervised, and well equipped painters and carpenters.
3. If you wish, help you select and test paint colors.
4. Conduct our work efficiently, safely, and with the upmost respect for your property and privacy.

ABOUT SHEARER PAINTING

Shearer Painting is a small, quality driven company serving Seattle and Eastside customers for 22 years (since 1990). Only the highest quality paints and materials are applied by trained and supervised workmen. Home owners, builders, designers, and our competitors have come to recognize Shearer Painting for high standards of quality after the job is completed and prompt responses to questions and concerns from company owner, John Shearer, and his managers during a project. Shearer Painting's consistent quality, customer attention, and productivity are benefits from having the same management team since 1999.

13 Reasons why Shearer Painting is Unique

- Seattle Painting Contractor since 1990. Joined PDCA in 1994. Same Leadership team since 1999. Experienced with every coating system. Shearer managers are consistently training and learning best management and customer service practices from our trade associations and fellow contractors and business owners . Shearer Tradesmen are involved in regular training of new products and equipment to improve the quality of our workmanship
- Shearer aspires to provide the most thorough written estimates in the industry. Find about more details about our [exterior painting estimates](#) and learn specifically what is called out in our [interior painting bid](#). We have learned from executing thousands of painting contracts in the last 20 years, in Seattle, that successful projects start with clear objectives for scope of work and cost are communicated and understood by our customers.
- Shearer employees are background checked and randomly drug tested. Shearer has a no smoking policy (yes, this eliminates many applicants)
- Shearer always has well maintained vehicles, ladders, and equipment. Our painters wear uniforms. See [Our FaceBook Photo Album](#).
- Shearer can handle any repair or construction defect before painting. [Construction Repair](#)
- Shearer has a proven method to help you choose the right paint color. The Shearer recommended process for picking paint colors involves assessing color chips, looking at homes with desired color schemes and similar architectural features, and then evaluating actual paint sample on architectural draw downs and large scale paint outs on walls and siding.. See our video on how to [Pick Paint Colors](#). See John Shearer's color advice page [Benjamin Moore Expert Exchange](#).
- Shearer will provide daily progress reports by voice, email, or text. Owner and site managers can be reached evenings and weekends, office staff will always answer calls during the day. Our normal business hours are 7am to 3:30pm on weekdays and we are closed on holidays. Shearer Painting may work on weekends by early arrangement. We aim to stay in constant contact during your painting project
- Every Seattle Painting job will have a dedicated onsite manager for the duration of the painting project including set-up, surface prep work, painting, and clean-up.
- Shearer will return for yearly touch-ups (window sills, inspect water entry points) to maintain your new painting and stain work. Some exposed substrates like wood hand railings need regular maintenance.
- Shearer has a perfect Safety Record, no major work related injuries or deaths since company inception. [Company Meetings](#)
- Shearer will never cut corners to save time or money.
- Shearer painters clean every day, and we order portable restrooms at our cost.
- Shearer will take away your old paint. Watch our video how to [Recycle Paint](#).

Our estimate will have active links to information. [Read](#) what customers are saying about Shearer

All Painted areas	Pressure wash to remove dirt and mildew Pressure Washing Video	No washing directly on window and door casings.

[Curtis](#) - [5 stars](#) - May 2, 2011
Over the last three years, Shearer Painting has executed a high level of finish work for our construction company in Seattle. Their work included priming, new sheetrock, painting, staining and clear coating natural wood. The projects Shearer has worked on have been done with such quality and professionalism as they addressed any issues we had, resulting in a great finished project.

[Aria T.](#) - [5 stars](#) - Apr 26, 2011
I've worked with Shearer painting for over 6 years and they always deliver the highest quality paint job and service for my design clients. The only reason I gave them a 4 star is not all clients can afford them when they see the initial bid. But you might end up paying for costly mistakes in the end by going for a cheaper estimate and wished you went with Shearer to begin with.
