MEDINA, MN (September 12, 2012) - Rockler has just introduced Sawhorse Clips for Bench Cookie<sup>®</sup> Plus Work Grippers, a new accessory that enables users to create a no-slip, non-marring work surface anywhere it is needed. The metal spring Sawhorse Clips are mated with Bench Cookies (46902, sold separately) with included pan-head screws and allow users to accommodate any size or shape of lumber or other workpieces that may be laid across sawhorses.

"Sawhorse Clips make the possibilities on your sawhorses nearly endless," said Steve Krohmer, vice president of product development. "Configurations for any dimension you need take just seconds to set up. They also keep Bench Cookie<sup>®</sup> Plus exactly where you want them for unparalleled stability while you work."
