- HID Compliant

IW2235P-U

Projected Capacitive
USB Connection

The IW2235P-U is a part of the InnovaTouch series, a line that is based on projected capacitive touch technology. The 22" desktop monitor's touch technology is complemented by the bezel-free design. Both result in a compact, durable, and elegant touch solution; the monitor is both pleasing to the eye and easy to clean and maintain. The IW 22" also features a rugged and sturdy structure, making it an optimal choice for heavily trafficked areas. It is equipped with built-in speakers, has an optional integrated magnetic stripe reader (MSR), and is HID compliant.

Retail

The monitor's optional MSR transforms it from a monitor to a point-of-sale system (POS).

Public Spaces

The IW2235P-U features lockable OSD buttons, providing security when used in a public space. It also supports multilingual (eight languages).

Hospitality

The monitor is designed with form and function in mind. Its attractive looks are coupled with strong performance.

Restaurant/QSR

The monitor's durable design will outlast heavy use. The cables, too, are well protected and managed.

Specifications

Viewable Image Size	22"
Touch Technology	Projected Capacitive
Pixel Pitch	0.294 mm
Brightness	270 cd/m ²
Contrast Ratio	1000:1
Aspect Ratio	16:9
Resolution	1920 x 1080
Response Time	5 ms
Viewing Angle	170° Horizontal; 160° Vertical
Connectivity	D-Sub 15-pin, DVI-D, USB
Compatibility	Windows 7, Vista, XP, Linux (some platforms)
VESA Hole Configuration	100 x 100 mm
Voltage Rating	AC Input, 100-240V
Power Consumption	On: 42W
Dimensions (WxHxD)	539.19 x 384.13 x 287.14 mm
Net Weight	23.1 lbs
VESA Hole Configuration	100x100 mm
Operating Temperature	0-40°C
Operating Humidity	20-80%
Standards	TUV, CE, UL, CUL, FCC-B, RoHS, IPX1
Limited Warranty	3 Years, Parts and Labor, including Backlight
