

Freedom from Hardware

We listen. We innovate. We deliver.

A Single-Source Solution Provider for All Your Technical Needs

FREEDOM REVOLUTION

Freedom from Technology

Freedom from Software

Freedom from Hardware

Freedom from Risk

Our Mantra

"We translate business objectives into simple technology solutions."

BestIT is a technology services provider that delivers high-value, client-focused solutions to enterprises at competitive prices. BestIT works with clients to create a roadmap designed to reinstate the collaborative dialog between business and technology.

Freedom from Hardware

BestIT's full suite of hardware solutions is designed to provide visibility into the operational performance, while ensuring that technology is efficiently supporting the unique needs of each business.

We make IT simple.

Freedom from Hardware

- Take advantage of the cloud without the hassle
- Maximize your hardware's peak capacity
- Get on the cutting edge without the cost

Our services include various levels of hardware and software support, help desk/ticketing, multi-level incident management, immediate or timed response with escalation to on-site customer IT operations, and full end user desktop support. Our expanded coverage includes combined remote and dedicated on-site support.

Freedom from Desktops

- Eliminate constant end-user support interruptions
- Do away with upgrade worries
- Be free from incompatible systems

BestIT offers various levels of hardware and software support, help desk/ticketing, multi-level incident management, immediate or timed response with escalation to on-site customer IT operations, and full end user desktop support. Our expanded coverage includes combined remote and dedicated on-site support.

Jumpstart Your Performance

- Liberate yourself from constant end user support interruptions
- Eliminate system administration tasks
- Free your staff of systems monitoring

Our teams perform active real-time 24x7x365 monitoring, documentation, prioritization, and escalation of issues, as they occur. BestIT provides comprehensive service metrics, including statistics for uptime/downtime, storage/disk space utilization, memory usage, system health, and system scalability versus projected growth.

Maximize Your Hardware

- Lower or eliminate capex costs
- Focus on using less equipment with better output
- Reduce physical dependency on hardware

BestIT relieves the stress and burden of maintaining and scaling your hardware infrastructure, including solutions for virtualization and cloud computing. We ensure your infrastructure is optimized to support your business goals. BestIT can tailor a solution to your business, whether you want us to manage your complete infrastructure or just components of it.

Invest. Grow. Repeat.

Harvest the full business value of your technology investment.
