- Teach in a Pre-K through 12th grade classroom
- Spend at least 50 percent of a full-time position in direct instruction with students in a classroom or classroom-like setting
- Minimum of three years classroom teaching experience
- Intends to return to teaching in their school/district in the consecutive school year
- Eligible applicants may apply individually for up to \$5,000 or as a team for up to \$10,000
- Teams must consist of two or more eligible teachers
- Teachers may be awarded a Fund for Teachers grant once every three years

Proposal Questions

In your own words respond to the following:

Fellowship Rationale and Purpose

When thinking about your teaching practice, what would you like to learn? What are the key questions you want to explore? What challenge or passion inspires your proposed fellowship?

Project Description

Describe and outline in detail your proposed fellowship. What key activities will you pursue, and why are they important? What is the timeframe for achieving the goals outlined in the rationale and purpose?

Teacher Growth and Learning

How will your fellowship help you address your key questions and/or learning goals? How will this fellowship help you grow as a teacher?

Student Growth and Learning

How will students benefit from your proposed fellowship? What meaningful additions will this experience bring to your classroom?

Benefits To School Community

How will your fellowship experience contribute to your school community's efforts to engage students and improve learning? How will you share the fellowship learning with colleagues?

Plan For Implementation of Fellowship Learning

Outline a plan for implementing learning from your proposed fellowship. Unintended learning experiences may constitute powerful aspects of your fellowship. Not all learning and transfer can be predicted. Planning a clear structure for bringing fellowship learning back to students contributes to a more focused experience in the field. Your plan may be (1) an outline of a newly-created or enhanced curricular unit/project that focuses on goals, student skills, general content, teaching methods and assessment ideas or (2) an action plan for new classroom or school-wide structures that focuses on goals, strategy and outcomes.

Budget Narrative

Provide a brief narrative showing evidence of thoughtful planning and research into your specific itinerary. The narrative should explain the rationale for the project's expenses. It is helpful to be precise. If final dates are not known, stipulate a timeframe and approximate costs. The total amount requested is not a factor for selection; however, costs should be realistic in relation to the proposed scope. The selection committee reserves the right to increase or decrease the proposed budget. If your budget includes a technology expense, please specify why the item is necessary for the fellowship's success, why you have chosen the specific brand/type, and whether you have prior experience using the technology. Note that food costs cannot exceed \$50 per day.
