Deerfield Beach, FL (PRWEB) - September 24, 2012 - [Cantor's Driving School](http://www.cantorsdrivingschoolfl.com) today announces that [driving simulation training](http://www.cantorsdrivingschoolfl.com/driving-simulator.html) will now be offered at it Deerfield Beach, FL offices. Cantor's Driving School is **first** and **only** driving school in the south Florida area to have a driving simulator and offer computerized driving simulation training sessions. A driver simulator helps prepare student drivers for behind-the-wheel driving lessons and can be used between driving lessons too.

The [driving simulator](http://www.cantorsdrivingschoolfl.com/driving-simulator.html) is a computer-based system that includes a steering wheel, pedals and shifter. The simulator combines this hardware with the most advanced driving simulation training software available today. This driving simulator helps better prepare driving students for actual behind-the-wheel training while providing students with virtual experience driving in busy, urban traffic, 8 lane expressways, city roads up to 6 lanes, wide, winding two lane roads and many more scenarios. It includes learning how to drive using an automatic or manual transmission. Further, it increases defensive driving skills by helping student drivers prepare to expect the unexpected with dozens of risky situations and crash avoidance events, including vehicles both large and small, pedestrians, animals, adverse weather conditions, reduced visibility and night driving . The driving simulator training offers up to 39 lessons and over 200 training scenarios and exercises.

"The new driving simulator is a great experience for student drivers just getting started or needing practice. Cantor's Driving School is proud to lead the way as the first and only South Florida driving school with driving simulation training," said owner Frank Cantor.

More information about the driving simulator is available on the Cantor's Driving School website page <http://www.cantorsdrivingschoolfl.com/driving-simulator.html>, including a video showing the driver simulator in action. Driving simulator sessions can be purchased online and are held on Sundays at Cantor's Driving School in Deerfield Beach. Sessions are 55 minutes long and start at 10 AM, 11 AM, Noon or 1 PM.

Along with the driving simulator, Cantor's Driving School is the premier South Florida driving school, offering [private, professional, behind-the-wheel driving lessons](#) to student drivers in Broward, Palm Beach and Martin Counties. All lessons are private, one-on-one, on-the-road driving lessons, offered 7 days a week, with day and evening hours. Door-to-door service is provided with pick-up and drop-off at school, home or work. Cantor's Driving School offers driving lessons for teens, adults, and seniors, along with driver training programs for corporate customers.
