INSTRUCTORS

Our BootCamp™ courses are taught by experienced, highly acclaimed and fully credentialed instructors

BOB CHAPUT
MA, CISSP, CIPP-US
CHP, CHSS

Mr. Chaput is Founder and CEO of Clearwater Compliance LLC. Clearwater Compliance helps Covered Entities and Business Associates meet stringent HIPAA-HITECH Security Rule requirements and address one of five health outcomes policy priorities in the Meaningful Use Stage 1 guidelines dealing with privacy and security. Having served in operational and technology assignments in large healthcare enterprises, Mr. Chaput is no stranger to protecting large amounts of healthcare data – his experience includes responsibility for some of the world's

largest healthcare, HR and benefits databases, requiring the highest levels of security and privacy while a senior executive at GE, Johnson & Johnson and Healthways, Inc.

Over the years he has also built, grown and sold a number of businesses serving industries with strict regulatory requirements, with deep experience in HIPAA and HITECH rules. He speaks and writes extensively on HIPAA and HITECH privacy and security matters and is a recognized HIPAA-HITECH data security expert.

JAMES C. PYLES
J.D. - REGULATORY AND
COMPLIANCE EXPERT

Jim Pyles, a co-founder of the Washington, D.C. law firm, Powers Pyles Sutter & Verville, has more than forty years of experience in litigation, counseling, and lobbying in the field of health law and policy. Upon graduating from law school, Mr. Pyles served for six years in the Office of the General Counsel for the US Department of Health, Education, and Welfare, where he received the department's Distinguished Service Award for successfully handling complex Medicare litigation. Nationally known for his expertise with respect to the legal issues related to health information technology and health information privacy, chronic care coordination, home health, hospice, and ambulatory care services, Mr. Pyles also has experience in nearly all areas of the firm's practice.

Medicare Act. Mr. Pyles was a principal designer and author of the Independence at Home program enacted with bipartisan support as part of the Patient Protection and Affordable Care Act of 2010.

Mr. Pyles' expertise encompasses the legislative and regulatory aspects of government and private health insurance coverage and reimbursement; the legal aspects of acquisitions, mergers, joint ventures, and networks; and the law pertaining to fraud and abuse. He writes and lectures frequently on health reform issues and appears periodically on national television as a health care commentator.

In addition, he is a registered lobbyist for several health care associations and participates intensively in health reform at the federal and state levels. He has crafted major pieces of health care legislation in many areas covered by the

Mr. Pyles serves as counsel to several national mental health and state home care associations and is a member of the Board of Directors of a national physician house call association.

MARY A. CHAPUT
MBA, CIPP-US

Ms. Chaput serves as Chief Financial and Compliance Officer for Clearwater Compliance LLC, a solutions company helping organizations become and remain compliant with the U.S. rules and regulations associated with protecting and securing health information.

Prior to joining Healthways, Ms. Chaput held the position of Vice President and Chief Financial Officer for ClinTrials Research, a public contract research organization conducting clinical trials for pharmaceutical and biotech companies. Her 35 years of international and domestic business experience spans the healthcare, information services, manufacturing and venture capital consulting industries. A graduate of the General Electric Financial Management Program, Mary earned her MA in Mathematics from Russell Sage College and MBA, summa cum laude, from State University of New York, Albany.

Previously, as Executive Vice President and Chief Financial Officer for Healthways, Inc. for 10 years, a public company providing disease management, wellness and prevention programs to Health Plan members and employers, Ms. Chaput was responsible for enterprise risk management, including finance, legal, investor relations and HIPAA compliance. As HIPAA Compliance Officer, Mary was involved with the protection of 500 terabytes of health data belonging to approximately 40 million Americans.

DAVID ANDREWS
CPA

Mr. Andrews will deliver a special presentation on "Surviving an OCR Investigation". He is SVP, Business Development and Chief Compliance Officer of Hospice Compassus, where he has been employed since 2004. He has 18 years in healthcare, including 8 in hospice. In his role as Senior Vice President of Business Development, Mr. Andrews leads all acquisition, de novo, and partnership efforts. In his role as Chief Compliance Officer, he leads the compliance, internal audit, and risk management functions. Prior to his current role, Mr. Andrews served as Chief Financial Officer for five years, helping build Hospice Compassus from a start-up to a middle-market company.

Prior to joining Hospice Compassus, Mr. Andrews worked in management consulting with Booz Allen Hamilton in the New York office, consulting with health plans and pharmaceutical companies. He started his career in public accounting with Ernst & Young, where he audited public and private companies. He also served in the U.S. Army. Mr. Andrews holds a BS in Commerce and Administration as well as a Master of Accountancy degree from the University of Alabama, and a Masters in Health Policy and Management from Harvard University
